## OBJECTIVE

Recent graduate with a strong passion for frontend development and a solid foundation in HTML, CSS, and JavaScript. Eager to begin my professional journey, I have dedicated significant time to building personal projects that emphasize clean design, responsive layouts, and user-friendly experiences.

I bring 3 months of hands-on experience as a Frontend Developer, during which I worked with HTML, CSS, JavaScript, jQuery, and Bootstrap to develop and maintain interactive web interfaces. My goal is to join a collaborative team where I can continue to grow my skills, contribute to meaningful projects, and bring fresh ideas and creativity to the table.
